

Draw a beard - and wear it in AR!

Anything shown in the white space outside of the face will not be seen in AR. Feel free to graffiti here or free form add whatever you want.

<http://faced.io/templates>

The faced.io app will auto-map what you draw on this face to the user's face!

Base your designs on the features of this generic male face.

Add new transparent layers and feel free to use effects like Layer Blend Modes tool

#Unshave
Get the app!

Unlock Code

Enter in **Unshave** app to load your design!

Get the **Unshave Digitizer** app to add your beard to the **Unshave** app!
